Eaton/Fuller Clutch Installation Kits

The DT Components product line has expanded to include clutch installation kits for popular RT (TRK-2468), RT with PTO (TRK-3762), and FRO (TRK-3600) transmissions.

Kits are also available for RT (TRK-3599) and FRO (TRK-3601) for transmissions with Mack style pilot bearings. These installation kits contain all of the necessary components to install a new clutch into a vehicle.

Key Features of our Clutch Installation Kits:

- Pilot bearings contain OE specification high temperature grease & Viton seals
- Genuine Eaton/Fuller gaskets
- OE design, 1 piece clutch brake
- Available with both short and long clutch yoke bushings
